

**PERMIT FOR GEOLOGIC AND ARCHEOLOGIC INVESTIGATION
AND ON-SITE SURVEY WORK
FOR LOST RIVER DAM SITE #16 ON LOWER COVE RUN**

The undersigned _____
hereinafter called the Landowner, hereby grants to the **Potomac Valley Conservation District and Hardy County Commission**, hereinafter called the Local Organizations, permission to conduct on-site engineering surveys, geological and archeological investigations associated with the proposed construction of Lost River multi-purpose flood control and recreation site #16. The site is located approximately one half mile east of Lost City along County Route 59 on Lower Cove Run, in Hardy County West Virginia. The investigations will be carried out under the direction of USDA Natural Resources Conservation Service representatives acting as agents for the Local Organizations. The work will involve the drilling and excavation of test holes and engineering surveys subject to the following conditions:

1. Excavation and survey work authorized under this permit will be completed within 24 months from the date of this permit.
2. This permit includes the right of ingress and egress over Landowner's property for purposes of conducting said investigations.
3. Any and all disturbance of the ground surface associated with this work will be regraded to original conditions and reseeded to establish vegetative cover immediately following completion of Local Organization's investigation.
